VOLUNTEER
WEEK**

52th edition

**April
19-25
2026**

Declaration of the FCABQ for Volunteer Week 2026

THEME:

Mission volunteering!

A great mission begins with a simple idea: the desire to make a difference. And when thousands of people carry that same idea, it becomes a movement.

Volunteer action is this shared mission that unites us and sets us in motion. Together, we make things happen. We create, we support, we transform. Each in our own way, each with our own means, but all driven by the same intention: to act for the collective good.

Whether we lend a hand, share knowledge, listen, or build, every gesture becomes a lever for change, a force that improves the life of a person, a neighbourhood, a community.

Because volunteering is more than an individual commitment: it's a shared mission, a chain of actions that shape and sustain a more caring, more human world.

So, join the mission.

Be part of the movement.

And together, let's keep changing the world through volunteering.
